

## **Vision and Hearing Screenings**

District nurses will conduct vision and hearing screenings for all students. If a child does not pass the screening(s) a letter will be sent home with a referral for medical follow-up. Regardless of the results of the screening, if, at any time, you have concerns about your child's vision or hearing, a complete medical examination is recommended.

Please remember that vision screening is not a substitute for a complete eye and vision examination by an eye doctor. Your child is not required to undergo the vision screening if an optometrist or ophthalmologist has completed and signed a report indicating that an eye examination has been administered within the previous 12 months.

If you have any questions please do not hesitate to call Joan Krilic, District 101 Nurse.
